Dear Author,

I am pleased to inform you that your paper has been accepted for presentation at this conference and for printing in the Conference Proceedings. **Acceptance is conditional upon our receiving your final camera-ready paper by the above due date AND a paid Author Registration for at least one of the authors of each paper. Acceptance is also conditional on a final review of the camera-ready paper.** If your work must be cleared or approved before publication by your company or by the government, please be sure that process will be completed by the due date above or we will not be able to include it in the Conference Proceedings. If the paper is not approved by that date, you can discuss the possibility of presenting it as a late paper with your Conference Chairman.

Please note papers cannot be published if payment (or a purchase order number, guaranteed by a credit card number) is not received by the due date. One full registration fee per presentation must be paid by **AUGUST 20TH, 2007. If this is not possible, you must contact the office immediately.**

The enclosed author kit is provided to aid you in preparing your paper for publication in the Proceedings, which will be distributed at the Conference. **Please follow the instructions carefully.**

Include payment for excess pages (over FIVE) at \$ **60** for each subsequent page with your Author Advance Registration.
