

<b>Preface</b> .....	<b>IX</b>
<b>Scientific Programme</b> .....	<b>1</b>
<b>Author Listing</b> .....	<b>187</b>

## ORGANIZATION AND MANAGEMENT

<b>Using Modified Concept Lattices for Organizational Structure Modeling and Analysis</b> Ivo Vondrak and Jan Kozusznik .....	<b>5</b>
<b>Formal Model of the Normatively Regulated Organizational Activities</b> Dzenana Donko .....	<b>10</b>
<b>Development of an integrated Cost Model for Nuclear Plant Decommissioning</b> Rajkumar Roy and George Amos .....	<b>13</b>
<b>New Product Development in a Virtual Enterprise</b> Tero Haahtela, Jouko Karjalainen and Pekka Malinen .....	<b>21</b>
<b>WEBSCAN, an Internet Engine for Benchmarking</b> Hendrik Van Landeghem and Danielle De Vos .....	<b>26</b>
<b>Lifecycle Oriented Design Model</b> Flavio Gesca Verissimo de Paula and Luis Gonzaga Trabasso .....	<b>31</b>
<b>Embedded Systems Design - from Mechatronics to Concurrent Engineering</b> Michael G. Salloker and Wolfgang Stocksreiter .....	<b>37</b>
<b>Continuous Improvement in IT Project Management</b> Paul Stratil, Bettina Schwarzer and Peter Müller-Brühl .....	<b>40</b>

## SUPPORTING TECHNOLOGIES

<b>System Dynamics Simulation Modelling of the Port Manager Planner</b> Ante Munitic, Luko Milic, Josko Dvornik .....	<b>51</b>
<b>Integration of Virtual Reality and CAD Based on OMG'S CAD Services Interface</b> Matthias Vahl and Uwe von Lukas .....	<b>54</b>

# CONTENTS

## ENGINEERING DATA MANAGEMENT AND INFORMATION MODELLING

<b>Long Term Preservation and Retrieval of Product Knowledge within Aerospace Industry</b> Jörg Wirtz and Ralf Jungkunz .....	65
<b>PDM-System tuning to support Project Knowledge Creation</b> Ralf Jungkunz and Jörg Wirtz .....	70
<b>Knowledge-Based and Agent-supported Modeling in the field of parametric 3D-CAD Systems</b> Reiner Anderl and Harald Liese .....	75
<b>The Application of Web-based Technologies in Product Data Management and Manufacturing Systems Interoperability and Data Exchange</b> Wai M Cheung, Paul G Maropoulos, James X Gao and Hayder Aziz.....	80
<b>Interdisciplinary Modeling for Logistic Design</b> H.P.M. Veeke .....	85

## PROCESS MANAGEMENT

<b>Concurrent Engineering for Intelligent Simulation</b> Tudor Niculiu and Sorin Cotofana .....	95
<b>Automated Construction of Model of Concurrency in Business Process Modeling</b> David Jezek, Ivo Vondrak and Vaclav Snasel.....	100
<b>A Structural-Procedural Approach for Designing Adaptive Manufacturing Systems</b> Julio Macedo .....	105
<b>Adaptive Manufacturing Models for Production Planning</b> Brian Rogers, Peter Chapman and Paul G. Maropoulos .....	109
<b>People Modelling their Performance in Manufacturing Plants</b> Tim Baines and John Ladbrook.....	114
<b>System Dynamics Modelling as an Aid to Manufacturing Systems Design</b> A. Oyabide-Zubillada and T.S. Baines.....	121
<b>Workflow Mining: A Case Study from Automotive Industry</b> Joachim Herbst and Niko Kleiner .....	126

## COLLABORATIVE CE-ENVIRONMENTS FOR VIRTUAL TEAMS

<b>Modular Requirement Management in Product Development</b> G. Schuh, D. Assmus, L. Paulukuhn and P. Weber .....	135
--	-----

## PRACTICAL APPLICATIONS AND EXPERIENCES

<b>Integration of Fault Tolerance and Energy Flow Treatment into the Simulation-based Development Process</b> Bernd Heintel and Jens Ruh .....	141
---	-----

<b>Concurrent Engineering to enhance Communication and Collaboration in Design and Production</b> Teruaki Ito .....	149
--	-----

<b>Configuration Management in Concurrent Software Engineering – a Case Study</b> Roland Haas and Bharath Chandrasekaran .....	153
---	-----

<b>Collaborative Working within the Aeronautical Supply Chain: the CASH Model</b> Jean-Claude Hochon.....	157
--	-----

## LATE PAPERS

<b>Distributed Concurrent Engineering Modeling Framework</b> Aurelian Mihai Stanescu, Ioan Dumitrache, Simona Iuliana Caramihai and Dan Nițescu .....	165
---	-----

<b>Digital Process Planning applied to Product Engineering Integration</b> Marcilio Cenísio, Uwe Fritz Baake and Carlos de Sousa Belatto.....	168
--	-----

<b>E-Business and E-Commerce Emerging Strategies</b> Mohammad Al Nsour .....	171
---	-----

<b>International Cross Brand Collaboration in the Automotive Industry</b> Paul Stratil, Mike Chapman, and Adrian O. Mielke .....	177
---	-----
