<b>Data Analysis of the Logistical Benchmarking Database Webscan</b> Danielle De Vos and Hendrik Van Landeghem .....	<b>43</b>
<b>A Study to Investigate the Impact of Requirements Instability on Software Defects</b> Talha Javed Manzil-e-Maqsood and Qaiser S. Durrani .....	<b>48</b>

# CONTENTS

## PROCESS PLANNING

- Improved Process planning by a Material Flow Simulation with Multi User Support**  
Wilhelm Dangelmaier, Christoph Laroque, Bengt Mueck and Peter Renner ..... 59
- Systems Engineering Based Approach for product and Process Concurrent Design**  
Adel Ouardani, Philippe Esteban and Jean-Claude Pascal..... 64

## COLLABORATIVE CE-ENVIRONMENTS

- An approach of whiteboard-based interface for collaborative environment**  
Teruaki Ito ..... 71
- Providing Support for Engineering Collaboration**  
Ariane Ittner and Matthias Stroezel..... 76
- Perspective Allocation in the Performance Design and Improvement of Collaborative Engineering Systems**  
Tad Gonsalves, Kiyoshi Itoh and Ryo Kawabata..... 80

## DATA WAREHOUSING

- Collecting Activity Travel Diary Data by means of a New Computer Assisted Data Collection Tool**  
Davy Janssens, Geert Wets, Ellen De Beuckeleer and Koen Vanhoof ..... 85
- A Java Implementation of CART**  
Danny Van Welden, Juan Velasco and Ghislain Vansteenkiste ..... 90
- A Datawarehouse system in business performance management in SME's**  
Jeanne Schreurs, Dirk Roux and Rachel Moreau ..... 93
- E-Learning Process and Content Management**  
Jeanne Schreurs, Dirk Roux and Rachel Moreau ..... 100
- The Impact of Virtual Mobility on Travel Behaviour: An Overview**  
Enid Zwerts, Davy Janssens and Geert Wets ..... 105
