

Preface	IX
Scientific Programme	1
Author Listing	109

SIMULATION AND AI

Carcassonne Java Jess Expert Game: Intelligent Board Games and Query-Based Utility Reasoning René Molenaar, Ludo Maat and L.J.M. Rothkrantz.....	5
Hybrid fuzzy system and Fuzzy behaviour implemented in Computer Go P.Lekhavat and C.J. Hinde	10
Optimising Reinforcement learning for neural networks Evan Hurwitz and Tshilidzi Marwala	13
Simple Games that Teach Artificial Intelligence Alasdair Macleod	19
Situation Switching in the AIBO Robot Zhenke Yang and Leon Rothkrantz	24

SYNTHETIC CHARACTERS AND AGENTS

Advanced Synthetic Characters, Evil, and E* Selmer Bringsjord, Sangeet Khemlani, Konstantine Arkoudas, Chris McEvoy Marc Destefano and Matthew Daigle	31
Simulation and Modeling of Adversarial Games Erol Gelenbe, Varol Kaptan and Yu Wang.....	40

GAME PHYSICS AND FACIAL ANIMATION

Enhancing Game Physics using Gauss Map Computation L. Alboul, G. Echeverria and M. Rodrigues.....	47
Issues in the Physics of a Motocross Simulation Benoit Chaperot and Colin Fyfe.....	52

CONTENTS

Producing Animations from 3D Face Scans Alan Robinson, Marcos A Rodrigues and Lyuba Alboul.....	57
---	-----------

GAME DESIGN

Application of Volere Shells as a principled Approach to Requirements Capture and Test Planning for Computer Games Robert Clutton and Andrew Tuson.....	67
---	-----------

Modelling and Prototyping for Psychological Time in Games David England and Abdenmour El-Rhalibi.....	71
---	-----------

Space Syntax Graph Theoretic Methods applied to an investigation into the navigability of large scale virtual game environments Nicholas SC Dalton.....	75
---	-----------

ONLINE GAMES RESEARCH

Requirements for Communication Frameworks for Mobile Games on Ad Hoc Networks Stefan Fiedler and Michael Weber.....	85
---	-----------

Optimization of Multi-Player Online Game, Server based on Predicted Dynamic System Soon-Jeong Ahn, Woo-Suk Ju, Ying Quan and Choong-Jae Im	88
--	-----------

Hierarchical Solution to Scalability Issues in P2P MMOG Abdenmour El Rhalibi and Madjid Merabti.....	94
--	-----------

LATE PAPER

Harnessing Agent-based Games Research for Analysis of Collective Agent Behaviour in Critical Settings Abdenmour El Rhalibi and A. Taleb-Bendiab.....	101
